MEMORANDUM FOR: Deputy Director (Support)

25X1A9A

SUBJECT : Reimbursement Claim Against

1. This is my third memorandum to you on this subject which dates back to the commercial air evacuation of the employee's sick wife in July 1955. On his recent trip the Director was briefed on this particular case and several others of a similar nature and expressed his personal desire to see that individuals exposed to the hardships in this area of the world received "a fair shake."

2. The employee is increasingly concerned about the outcome of this case. Can we have some action please?

Lyman B. Kirkpatrick
Inspector General
